PURPOSE

The purpose of the policy is to provide patients with information on the Financial Assistance (Charity Care) available at Joyce Eisenberg Keefer Medical Center/Auerbach Geriatric Psychiatry Unit (“AGPU” or “Hospital”) and to outline the process for determining eligibility for Financial Assistance.

POLICY

It is the policy of AGPU to provide patients with understandable written information regarding Financial Assistance to provide income-based Financial Assistance (Charity Care) to qualified patients.

SCOPE

This policy applies only to AGPU, which is a 10-bed acute geriatric psychiatric hospital. AGPU does not provide emergency room services, surgery, or other acute medical care. This policy does not apply to physicians or any other medical providers whose services are not included in Hospital’s bill. Additionally, this policy does not create an obligation for the Hospital to pay for such physicians’ or other medical providers’ services.

DEFINITIONS

Federal Poverty Level (FPL): The “Federal Poverty Level” or “FPL” is the measure of income level that is published annually by the United States Department of Health and Human Services (HHS) and is used by Hospitals for determining eligibility for Financial Assistance.

Hospital Services: “Hospital Services” are all services that the AGPU is licensed to provide.

Primary Language of Hospital’s Service Area: A “Primary Language of Hospital’s Service Area” is a language used by the lesser of 1,000 people or 5% of the community served by the Hospital based upon the most recent Community Health Needs Assessment performed by Hospital.

Uninsured Patient: An “Uninsured Patient” is a patient who has no third-party source of payment for any portion of their medical expenses, including without limitation, commercial or other insurance, government sponsored healthcare benefit programs, or third party liability, and includes a patient whose benefits under all potential sources of payment have been exhausted prior to an admission.

Insured Patient: An “Insured Patient” is a patient who has a third-party source of payment for a portion of their medical expenses, but excludes patients who are covered by Medi-Cal.

Patient Responsibility: “Patient Responsibility” is the amount that an Insured Patient is responsible to pay out-of-pocket after the patient’s third-party coverage has determined the amount of the patient’s benefits.

PROCEDURES

**Patient Assets:** In order to provide consistency with AGPU’s mission and proper stewardship of AGPU’s funds, all monetary assets of the patient and patient's Family are taken into account in reviewing a Financial Assistance application, with the exception of the following assets: (a) amounts in patient retirement or deferred compensation plans qualified under the Internal Revenue code; (b) the primary residence where the patient and patient’s Family resides; (c) automobile needed to transport working family members to and from work; and (d) savings accounts with less than two months’ of annual income.

**2. Calculating Family Income:** To determine a patient’s eligibility for Financial Assistance, the Hospital shall first calculate the patient’s Family Income, as follows:

a) **Patient Family:** The patient’s family includes their spouse, domestic partner, and dependent children less than 21 years of age, whether living at home or not.

b) **Proof of Family Income:** Patient shall be required to provide recent pay stubs or tax returns as proof of income. Family Income is annual earnings of all members of the Patient Family from the prior 12 months or prior tax year as shown by the recent pay stubs or income tax returns, less payments made for alimony and child support. Income included in this calculation is every form of income, e.g., salaries and wages, retirement income, near cash government transfers like food stamps, and investment gains. Annual income may be determined by annualizing year-to-date Family Income. AGPU may validate income by using external presumptive eligibility service providers, provided that such service only determines eligibility using only information permitted by this policy.
c)  **Calculating Family Income for Expired Patients:** Expired patients, with no surviving spouse, may be deemed to have no income for purposes of calculation of Family Income. Documentation of income is not required for expired patients; however, documentation of estate assets may be required. The surviving spouse of an expired patient may apply for Financial Assistance.

3. **Calculating Family Income as a Percentage of FPL:** After determining Family Income, Hospital shall calculate the Family Income level in comparison to the FPL, expressed as a percentage of the FPL. For example, if the Federal Poverty Level for a family of three is $20,000, and a patient's Family Income is $60,000, the Hospital shall calculate the patient’s Family Income to be 300% of the FPL. The Hospital shall use this calculation during the application process to determine whether a patient meets the income criteria for Financial Assistance.

4. **Financial Assistance Exclusions/Disqualification:** The following are circumstances in which Financial Assistance is not available under this policy:
   a) **Medi-Cal Patients with Share of Cost:** Medi-Cal patients who are responsible to pay share of cost are not eligible to apply for Financial Assistance to reduce the amount of Share of Cost owed. The Hospital shall seek to collect these amounts from the patients.
   b) **Patient declines covered services:** An Insured Patient who elects to seek services that are not covered under the patient’s benefit agreement (such as an HMO patient who seeks out-of-network services from AGPU, or a patient refuses to transfer from AGPU to an in-network facility) is not eligible for Financial Assistance.
   c) **Insured Patient does not cooperate with third-party payer:** An Insured Patient who is insured by a third-party payer that refuses to pay for services because the patient failed to provide information to the third-party payer necessary to determine the third-party payer’s liability is not eligible for Financial Assistance.
   d) **Payer pays patient directly:** If a patient receives payment for services directly from an indemnity, Medicare Supplement, or other payer, the patient is not eligible for Financial Assistance for the services.
   e) **Information falsification:** AGPU may refuse to award Financial Assistance to patients who falsify information regarding Family Income, household size or other information in their eligibility application.
   f) **Third-party recoveries:** If the patient receives a financial settlement or judgment from a third-party tortfeasor that caused the patient’s injury, the patient must use the settlement or judgment amount to satisfy any patient account balances, and is not eligible for Financial Assistance.
   g) **Professional (physician) Services:** Services of physicians are not covered under this policy. Any exceptions are set forth in Exhibit A. Many physicians have charity care policies that allow patients to apply for free or discounted care. Patients should obtain information about a physician’s charity care policy directly from their physician.

B. APPLICATION PROCESS

1. AGPU shall make all reasonable efforts to obtain from the patient or his or her representative information about whether private or public health insurance may fully or partially cover the charges for care rendered by the Hospital to a patient. A patient who indicates at any time the financial inability to pay a bill for Hospital Services shall be evaluated for Financial Assistance. In order to qualify as an Uninsured Patient, the patient or the patient’s guarantor must verify that he or she is not aware of any right to insurance or government program benefits that would cover or discount the bill. All patients should be encouraged to investigate their potential eligibility for government program assistance if they have not already done so.

2. Patients who wish to apply for Financial Assistance shall use the AGPU standardized application form, the “Application for Financial Assistance”, Exhibit B

3. Patients may request assistance with completing the Application for Financial Assistance by contacting the Program Director or Social Worker in person at the AGPU, or via phone at 818-758-5045 or 818-758-5038.

4. Patients should mail Applications for Financial Assistance to JEKMC at 7150 Tampa Ave. Reseda, CA 91335 Attn: Fiscal Department.

5. Patients should complete the Application for Financial Assistance as soon as possible after receiving Hospital Services. Failure to complete and return the application within 120 days of the date the Hospital first sent a post-discharge bill to the patient may result in the denial of Financial Assistance.

C. FINANCIAL ASSISTANCE DETERMINATION

1. AGPU will consider each applicant’s Application for Financial Assistance and grant Financial Assistance when the patient meets the eligibility criteria set forth in section A.1 and has received (or will receive) Hospital Service(s).

2. Patients also may apply for governmental program assistance, which may be prudent if the particular patient requires ongoing services.

   a) The Hospital should assist patients in determining if they are eligible for any governmental or other assistance, or if a patient is eligible to enroll with plans in the California Health Benefit Exchange (i.e. Covered California).

   b) If a patient applies, or has a pending application, for another health coverage program at the same time that he or she applies for Financial Assistance, the application for coverage under another health coverage program shall not preclude the patient's eligibility for Financial Assistance.

3. Once a determination has been made regarding eligibility for Financial Assistance, a “Notification Form” (Exhibit D) will be sent to each applicant advising them of the Hospital's decision.

4. Patients are presumed to be eligible for Financial Assistance for a period of one year after the Hospital issues the Notification Form to the patient. After one year, patients must re-apply for Financial Assistance.
5. If the Financial Assistance determination creates a credit balance in favor of a patient, the refund of the credit balance shall include interest on the amount of the overpayment from the date of the patient's payment at the statutory rate (10% per annum) pursuant to Health and Safety Code section 127440, provided that Hospitals are not required to refund a credit balance that is, together with interest, less than five dollars ($5).

D. DISPUTES

A patient may seek review of any decision by AGPU to deny Financial Assistance by notifying the AGPU Fiscal Department of the basis of the dispute and the desired relief within thirty (30) days of the patient receiving notice of the circumstances giving rise to the dispute. Patients may submit the dispute orally or in writing. The AGPU Fiscal Department shall review the patient’s dispute as soon as possible and inform the patient of any decision in writing.

**Payment Options:** AGPU has many options to assist you with payment of your hospital bill.

**Medi-Cal & Government Program Eligibility:** You may be eligible for a government-sponsored health benefit program. Please contact the AGPU Program Director (818) 758-5045 if you would like additional information about government programs, or need assistance with applying for such programs.

Pending applications: If an application has been submitted for another health coverage program at the same time that you submit an application for Financial Assistance, neither application shall preclude eligibility for the other program.

Notice of Availability of Financial Estimates: You may request a written estimate of your financial responsibility for Hospital Services. Requests for estimates must be made during business hours. The estimate will provide you with an estimate of the amount the hospital will require the patient to pay for health care services, procedures, and supplies that are reasonably expected to be provided by the hospital. Estimates are based on the average length of stay and services provided for the patient’s diagnosis. They are not promises to provide services at fixed costs. A patient’s financial responsibility may be more or less than the estimate based on the services the patient actually receives.

The hospital can provide estimates of the amount of Hospital Services only. There may be additional charges for services that will be provided by physicians during a patient’s stay in the hospital, such as bills from personal physicians, and any other medical professionals who are not employees of the hospital. Patients will receive a separate bill for these services.

If you have any questions about written estimates, please contact the AGPU Program Director 818-758-5045 or the Director of Social Services at 818-758-5038.
Thank you for selecting AGPU for your recent services. Enclosed please find a statement of the charges for your hospital visit. **Payment is due immediately.** You may be entitled to discounts if you meet certain financial qualifications, discussed below.
